

CNE-CCA031B

Car charger with built-in Micro-USB cable

In addition to classic USB 2.4 A connector, this adapter also has a built-in Micro-USB cable that you won't forget or lose! This adapter allows to charge any gadget on the go, without carrying additional cables. Optimum charging speed and safety are ensured by Smart IC technology. A special built-in chip identifies the optimal amperage required for the device you've plugged in. Your gadgets are charged quickly, without overheating and outage of sensitive electronic components.

Model

CNE-CCA031B-US black 5291485005832

Features

- Smart IC Technology
- Input voltage: 100-240 V
- Output voltage: 5V-400mA
- 1 USB 2.4 A
- 1 built-in Micro-USB cable
- Dimensions: 77x30x30 mm
- Compatibility: Mobile Phone / Smartphone / GPS / Camera Tablet / PSP / MP3 / MP4 / PDA, etc.
- OSP, OCP security systems
